

Study Smarter...

Series 1: Study Tips and Memory Strategies...

Learn the powerful strategies that make a difference to your study. Through the use of simple, easy to apply and yet practical ideas, you can boost your own performance and your exam results...

Far too many people study harder rather than smarter and they end up burning out. Sitting and passing exams is suppose to get you ahead in life - not make you a nervous wreck.

With simple and effective techniques described in this seminar you can **massively increase your ability to pass exams** and even **reduce your study time**.

In these two 2 hour fast-paced interactive presentations, International presenter, Karen Boyes from Spectrum Education will share many simple and practical ideas.

Education is the key to the future... working smarter not harder is the key to success...

Here's what you will learn in seminar 1:

- 7 keys to recalling facts, dates and concepts
- How forgetting occurs and how to remember
- How to structure your study time for maximum effect
- Time management strategies
- Study Tips for Success...& more

Here's what you will learn in seminar 2:

- Understand your learning styles and how to study accordingly
- How music makes a big difference to effective learning
- How to set up an effective study environment
- The top 10 brain foods
- How to maintain fast recall in an exam... & more
